COMMUNITY TOWN HALL on ACCESSORY DWELLING UNITS

With Mayor Arreguin and Councilmember Bartlett

California has recently made it easier for homeowners to build Accessory Dwelling Units (ADUs), so come learn about how a second unit may fit in your budget and in your backyard.

ADUs can be perfect for seniors who want to **age in place**, for creating **housing for caregivers** or extended family, or just **earning a little extra cash**.

THIS WORKSHOP WILL COVER:

- The **types of ADUs** you can build
- The steps to **designing, permitting, & building**
- How you can **finance** your ADU
- Plenty of time for Q&A
