For more information about what the Lawrence Hall of Science Volunteer program has to offer, email Verónica Urdaneta at veronicau@berkeley.edu or visit us online

Learning Labs

Monthly orientations and trainings

Ingenuity Lab – Participate in building/engineering activities while engaging visitors in designing, building, and testing their own prototypes.

Animal Discovery Room – Facilitate simple and fun activities about animals with visitors, and occasionally assist with socializing, grooming, or creating enrichment for animals.

Science on a Sphere – Choose from datasets, movies and simulations covering the atmosphere, ocean, land, and astronomy and engage visitors in world explorations, using a six-foot-diameter globe or a digital sandbox.

Floor Facilitation - Help engage families on exciting floor activities and learn about facilitating exploration of various exhibits with the support of expert educators.

Education & Community Outreach - Travel off-site to community organizations to facilitate science -related or engineering activities or be involved in preparing and developing workshops on-site and off-site.

Summer Camps & Summer Programming - Explore summer learning by supporting summer special events or by becoming a camp assistant, a floor facilitator or an Ingenuity Lab volunteer
