**Chancellor’s Reception for New Retirees**

On a sunny September afternoon, new faculty and staff retirees enjoyed food, wine, and a garden in full bloom as Chancellor Robert Birgeneau and his wife Mary Catherine welcomed them to University House.

*UCRAB Board attendees (from left) : Membership Director Isabelle Revoir, President and Trip Coordinator Iola James, Secretary Marian Gade and CUCRA Representative Allan Jensen*

Several UCRAB Board members volunteered at the Retirement Center event. Others attended as official UCRAB representatives, circulating among the crowd, explaining what our organization offers and staffing an information table that held flyers about the various retiree associations’ services and activities.

Many thanks to Chancellor and Mrs. Birgeneau for opening their lovely home and hosting one of the best Receptions for New Retirees, ever.

*Marian Gade*
**President's Message**

Dear Members,

We had a glorious ending to summer. I hope you enjoyed the t-shirt weather, hot days and warm nights. Fall came in with a bang, heavy rain and cold air. No matter, we can pull out our coats, scarves and umbrellas and keep moving ahead with all of the fun and work that will fill the season.

Since our last newsletter, many events have taken place relating to our current and potential members: our luncheon featuring the distinguished Professor Emeritus Lawrence Lowery, UCBRC’s Chancellor’s Reception honoring new retirees and Summer BBQ, our UCRAB Mixer at the Berkeley Yacht Club, our representation at the CUCRA and CUCEA meetings at UC Davis, and our trip to Apple Hill and the Marshall Gold Discovery State Historic Park.

I thank the Board Members and others for their detailed reports on each of these events as well as other contributions to this newsletter. If you have an item of interest to other retirees, I encourage you to submit your article or idea for inclusion in the next newsletter.

By now you have received many mailings regarding your health plans. According to representatives from the Office of the President at the recent CUCRA meeting, there are no changes (or if any, insignificant) to this year’s plans. Isn’t that great?

I’m looking forward to your attendance at our December Holiday Luncheon. Plans are underway to make this a very festive occasion. I wish everyone a very warm, safe, and happy holiday season.

Isn’t it great to be retired?!

Iola James, President

**Members Mix it Up!**

More than 70 UCRAB members and their guests gathered on a beautiful October afternoon to enjoy their favorite beverages, hors d’oeuvres, and displays of the talents and hobbies of our members.

With a background of harp music and the extraordinary views provided by a sunset over the Marin Hills, conversation flowed easily. The displays of photography, drawings, calligraphy, and jewelry-making provided a fascinating look into the interests and talents of our UCRAB members. And it was all free.

This “Mixer” was a first ever event for UCRAB and judging from the positive responses, it will probably be repeated. If you have any thoughts on how to improve the event, please share them with the members of the Board who planned and executed this activity. And a special thanks to all those Board members who contributed: Iola James, President and Trip Coordinator; Vice President Lola Harris, and Board Members Patricia Hardy, Isabelle Revoir, Allan Jensen and Kurt Lauridsen.

**A Shakey Day at the Yacht Club**

It was an average day in Berkeley, Calif. The usual earthquake preceded our arrival. We were lucky not to feel its wrath as we were driving to the harbor when it hit. The gentleman who greeted us, however, described its mighty force - “it felt as if the building would roll into the sea.” Nonplussed by impending disaster we bravely entered the Berkeley Yacht Club anticipating another pleasant event.

The tables were appropriately decorated with royal blue & gold tablecloths and colorful bouquets. A well dressed group sporting a nice mix of Fall colors soon filled the room. It was apparent that they were there to mix and mingle. I met many new people and reunited with old friends. A delicious buffet lunch was soon displayed and there to partake of at will. The background music of a harpist added the perfect touch to the warm smiles and animated conversation throughout the room.

UCRAB member artists and artisans displayed their photography, jewelry and hobbies in strategic locations along the side walls. As a former student of UCB, it felt good to be among such an amiable, talented bunch of people. Especially enjoyable was strolling from one display to the next and chatting with the artists. The gentleman who completed the bike ride across the country (featured in newspapers as well as the Guiness Book of Records) was most interesting. He displayed historical art work and had a great story to tell.

It was just another pleasant outing spent with a friendly group of retirees. A day which began with a jarring rumble. The earth shook, the sea rolled beneath us, but we seniors had a wonderful, peaceful day. Some of us ended it at the bar, our favorite drink in hand, watching the sun set beyond the rippling sea.

UCRAB Report: Fall CUCRA Meeting

The semi-annual meeting of the Council of University of California Retiree Associations (CUCRA) was held on the UC Davis Campus on October 27. UCRAB was well represented by President Iola James, CUCRA Representative Allan Jensen, and board members Marian Gade and Toni Sweet, who serve, respectively, as Chair and Information Officer for CUCRA.

Wednesday afternoon’s meeting consisted of reports from directors of the University’s five Retirement Centers (including Berkeley); reports from retiree associations throughout the state were circulated. This provided an opportunity to share good ideas for procedures and activities with each other. Considerable discussion surrounded a report regarding the Joint Benefits Committee (JBC), a group representing members of both CUCRA and CUCEA, the statewide organization of emeriti associations. JBC is our principal venue for discussing health and benefit issues and for developing approaches that all UC’s retirement organizations can support in working with UCOP to maintain and enhance retirees’ benefits. In the 16 years since its founding, the JBC boasts a number of successes in its efforts on behalf of retirees. The current review will result in increased formalization of its relationship to its two principal organizations and verified its usefulness to all retirees.

As a special treat, our Davis friends offered a tour of the Mondavi Wine Institute. Thursday brought a joint meeting of CUCRA and CUCEA featuring presentations by Joe Lewis, Director, and other staff members of UCOP’s Retiree Service Center. In response to a prior request from CUCRA, they provided information on Open Enrollment and other health benefits issues.

UC Irvine will host the April meetings of CUCRA/CUCEA.

**Trivia Quiz: Hard-Core About Apples**

Apples appear as the archetypal symbol of health, and for good reason. They are an excellent source of antioxidants, fiber and potassium. Apples may lower the risk of asthma, lung cancer, and other diseases, and they also combat tooth decay by cleaning teeth and gums and fighting off bacteria. Other facts:

The apple is the official state fruit of Rhode Island, New York, Washington, West Virginia, Illinois, Minnesota and Vermont.

Apples are part of the rose family, and so are pears, peaches, plums, apricots, and cherries. Who knew?

Actress Gwyneth Paltrow named her daughter Apple, born in May '04.

Americans eat an average of 50.4 pounds of apples and apple products each year.

The largest apple picked weighed three pounds.

The world’s largest apple peel was created by 16 year old Kathy Wafler Madison on October 16, 1976, in Rochester, NY and was 172 feet, 4 inches long.

**See What You’re Missing - Apple Hill Recap**

“I’d like to thank Iola James and anyone else involved with the coordination of this trip for making possible for us retirees a really splendid experience. The trip to the different apple orchards and the state park was smoothly run and it appeared that everyone liked being in the midst of an apple orchard on a hayride, eating at a really good restaurant, shopping at the various fruit and other interesting stalls on the grounds, and seeing all the historical artifacts and displays at the museums.”

Kathleen Demerdjian

“Kudos to the planners and organizers of the trip to Apple Hill on November 2, 2011! The places visited were very interesting and enjoyable, the people in the group very congenial, and the weather couldn’t have been better.

“Thanks for a wonderful day. Looking forward to the next one,”
