

In an effort to increase the safety and security of University Hall, the building will be implementing some access changes that may impact how you enter when you visit us. Starting December 2nd, 2019, the south facing door on the first floor, facing Addison St. will be locked full time.

- All public and non-affiliated guests will be able to enter the building through the Oxford facing entrance at [218 Oxford Street., Berkeley, CA 94720](https://www.berkeley.edu/locations/218-oxford-street-berkeley-ca-94720)
- Students, staff, faculty, and affiliates with an active Cal ID card will still be able to access the Addison door during business hours (7:30AM-5:30PM, Monday – Friday).

We appreciate your understanding and flexibility with these changes.
